Dear Grade 7 to 11 Parents,

TEXTBOOKS 2024

We are continuously reviewing the process of purchasing textbooks and have opted to outsource, once again, the procurement of the bulk textbooks from PNA Featherbrooke. There are, however, still some books that can only be purchased through the school.

Attached you will find two textbook order forms, namely: PNA order form and a School order form.

The PNA order form

We have decided to work alongside **PNA Featherbrooke** who provided us with the best prices for the books on the Textbook lists for each grade. PNA Featherbrooke has bent over backwards to provide us with the most affordable prices.

Please consider some logistics regarding the return of this form and collecting of books:

- This form must **not be returned to school** but must be **handed in at the PNA at Featherbrooke**. Please ensure that you take the order form, with your selection indicated, to the PNA Featherbrooke. PNA will be ordering the books in bulk from the numbers we have given them and will only receive the books at their store **by the end of October**.
- Please don't go there immediately but wait for the end of October because otherwise you may come back empty handed. We advise all parents to purchase the books from PNA timeously and not get caught up in the back-to-school rush at the beginning of 2024.

School order form

This form must **be returned to the school by Friday 15 September**. These books will be ordered in bulk from the publishers directly because the cost of these books are substantially higher if bought through a supplier. Any late orders will receive a penalty of 10% of the cost price.

Parents will be invoiced for these textbooks/workbooks on their November school account. These textbooks and workbooks will be available to the learners at the start of the 2024 school year.

The Life Orientation Textbooks are compulsory for every learner and can only be bought from the School as we source the textbooks directly from the supplier to minimise the cost involved.

New books and books that have been discontinued

Most of the 2023 textbooks have remained the same for 2024. The table below has been added for your convenience, especially for the parents/learners who would like to purchase second hand books from current learners.

The table below indicates which textbooks are new to 2024 and which have been discontinued.
