# From the Principal's desk

The King's School West Rand provides a world class Christian education based on 4 pillars: Academics, Skills, Spiritual Formation and Biblical Worldview. Let's take a look at the skills programme. Our skills programme is built around **Executive Functioning Skills** that help our students become responsible agents in society.

Executive Function is the agency to positively shape one's own future while at the same time impacting society for good. Often our teaching of executive functioning skills will involve the breaking of old habits that have been formed based on comfort, convenience and lack of routine before new ones can be formed.

We recognise that our children must develop essential skills to meet some critical needs:

- Their need for margin in the day; solitude without the ping of social media.

- Their need to develop interpersonal skills, interacting with others face to face.
- Their need to deepen their empathy for under-served populations.
- Their need for confidence to attempt new projects and even risk failure.
- Their need for peace of mind to replace anxiety and depression.
- Their need to develop healthy boundaries.
- Their need to build disciplines that will make them effective in a job.
- Their need for ethics and values as they make decisions for the future.

As parents, will you partner with us in building some skills in line with the points above? Perhaps this can be in the form of chores, routines in the home, family community projects or even just conversations with your children.

# Girls JvW Soccer League

Our girls soccer league is played each year during Term 3. The last time we played a competitive match was during September 2019. Lockdown regulations have made it impossible to play competitive sport until now. We are so grateful to have our learners back on the training field preparing for league matches.

We have a group of 40 players participating in the U15 & U17 Joburg Stream 4. Our U17's are the current JvW National Champions.

We played our first games of the season on Thursday vs Grace Trinity. We are so proud of our teams and the enthusiasm they display on the field.

U15's won 2 – 0

U17's won 10 - 0

## TENNIS LEAGUE

We have entered Primary & High School teams to play in the district league this year with approximately 100 learners from Gr 1 – Gr 11 participating in our weekly practices. The leagues begin the week of the 30th August. Learners will also have the opportunity to compete in the D12 Ranking Championships.

We are excited for our students and wish them the best of success for the season.

**Please Note:** In case of absenteeism a doctor's note must be provided for all summative assessments (tests, orals, practical assessments etc) missed.

Our Primary School Learners from Grades 1-6 created beautiful “quarter” flowers to celebrate Spring! Just as each of their unique quarter flowers were put together to create lovely spring flowers, so are we all unique in Gods creation and when we come together in unity, beautiful things happen!

Happy Spring!
